

Attention Cancer Center Physicians and Staff:

**Get some quality perks
for just 5 minutes of your time!**

As we all know, there's hospital coffee and then there's **Starbucks**. But perk up! You now have the chance to wake up and smell the (Starbucks) coffee—for **FREE!**

The OEHR communications team will treat your team to Starbucks if at least 20% of you respond to our short communications survey by Wed., Nov. 20.

Please help give our communication efforts a boost by anonymously filling out the survey today. The link was emailed on Nov. 11. If you can't find it, then find your manager. She'll re-send it.

If you've already completed the survey—**thanks!** You're that much closer to waking up with Starbucks in your cup! (Oh wait, wrong jingle...)
