

iAspire Memo to ALL employees

Career Development Header

Subject line: Find Your Next Career Opportunity, Right Here at TeleTech!

Do you have career aspirations? Of course you do! It's the nature of TeleTech employees to want to reach for more, to progress or to switch things up just for a change of pace. In fact, employee feedback in engagement surveys tells us that professional development is one of your top areas of interest.

In response to that feedback, we created **iAspire, a talent community that matches your career aspirations with opportunities within the company**. As TeleTech CEO Ken Tuchman explained in [this video](#) last week, we not only understand your interest in progressing your career, we encourage it! More importantly, we want you to experience that career growth right here at TeleTech.

When you create a profile in iAspire, you **receive automatic email alerts** about opportunities within TeleTech that match your interests. Positions are posted on iAspire **three days before the job is posted externally!** You can also **search for job openings** on your own. Joining iAspire not only keeps **you** in the know about current opportunities, it keeps **us** in the know about your career aspirations so we can help you reach them!

How to Sign up for iAspire

It's easy! Simply take these four steps:

- Go to iAspire.com
- Fill out your profile information
- Choose your desired departments, locations and job level
- Upload your resume

If you have questions about iAspire, check out the [frequently asked questions](#) or contact ASK Now-HC.

Even if you're currently happy in your position, we encourage you to create a profile. After all, as a TeleTech employee you just never know when the instinct to reach, grow and dream big will hit. And when it does, you'll already be one step ahead!
