

Time to rise and shine!

## Annual Enrollment is here!

AE is the only time you can make changes to your 2023 elections without a Qualifying Life Event. Here's what you need to do:

- Check out rates, plans and programs on [MyBenefits.TTEC.com](https://MyBenefits.TTEC.com).
- Enroll through Oracle Employee Self-Service no later than Nov. 25. (AE is passive this year so if you don't make any changes, your benefits will roll over)
- Submit required dependent documentation for newly added company-sponsored dependents on the HMO via HXconnect by Nov. 25
- Ensure life insurance beneficiaries and emergency contacts are up to date in Oracle.

Choose the benefits that are best for you and your family by Nov. 25

## Last week! Annual Enrollment ends Nov. 25

Just because enrollment is passive this year doesn't mean you need to be! Take time to review the 2023 benefit plans to make sure you still have the one that's best for you and your family.

See what's new (like reduced outpatient copays and extended age eligibility) and what's staying the same (like HMO rates and maternity benefits)—just to name a few.

Check out all the details, rates, plans and programs on **MyBenefits.TTEC.com**.
